

Welcome to this week's edition of the QuartzFest e-Newsletter. The latest news follows below with links to more information on the QuartzFest website.

- **COBBWEB 5-BAND ANTENNAS** are small, lightweight and strong and only require a single support, no rotator and give full size dipole performance on five HF bands. Join John, KG7HYF, for a hands-on presentation and demo of the Cobweb antenna and the advantages it offers in performance, limited space applications and use. Read more at <http://quartzfest.org/q16-cobweb-antennas.html>.
- **DIGITAL MOBILE RADIO** is coming to QuartzFest 2016. Carter, KH6FV, will be discussing Mototrbo and demonstrating how to get on the air and into a public accessible DMR network. Participants will even enjoy Q&A following the presentation and live use of an operational Mototrbo repeater that will be onsite for network demonstration. Read more at <http://quartzfest.org/q16-digital-mobile-radio-mototrbo.html>.
- **WATCH OUT... THE DRONES ARE COMING!** Join Neil, W6FOG, for another popular session including hands-on demos and updates of the latest drone technology as well as new developments in legislation regarding their use. Read more at <http://quartzfest.org/q16-radio-controlled-drones.html>.
- **WE LOVE VOLUNTEERS!** If you see any areas on the schedule that you might want to help with, let us know. Just email us at [Volunteer@QuartzFest.org](mailto:Volunteer@QuartzFest.org) or keep us posted when you arrive.
- **QUARTZFEST HAS A NEW YOUTUBE CHANNEL!** Check it out via the website by clicking on the YouTube icon on the top of any page at [www.QuartzFest.org](http://www.QuartzFest.org).

Have a topic you want to see in the newsletter, let us know. You can unsubscribe to this newsletter anytime by simply replying to this email with the word "UNSUBSCRIBE" in the subject line.
