

# This Land Is Your Land

D            G                            D  
This land is your land, this land is my land  
                  A                            D  
From California to the New York Island  
D7                    G                            D  
From the Redwood Forest to the Gulf Stream waters  
A7    D  
This land was made for you and me.

D            G                            D  
As I went walking that ribbon of highway  
                  A                            D  
I saw above me that endless skyway  
D7    G                            D  
I saw below me that golden valley  
A7    D  
This land was made for you and me.

*(Repeat Chorus)*

D            G                            D  
I roamed and I rambled and I followed my footsteps  
                  A                            D  
To the sparkling sands of her diamond deserts  
D7    G                            D  
While all around me a voice was sounding  
A7    D  
This land was made for you and me.

*(Repeat Chorus)*

D            G                            D  
When the sun came shining, and I was strolling  
                  A                            D  
And the wheat fields waving and the dust clouds rolling  
D7                    G                            D  
A voice was chanting, As the fog was lifting,  
A7    D  
This land was made for you and me.

*(Repeat Chorus)*
